PROTOCOL OF CUP COMPETITIONS OF THE ALPINE SKIING

Introductory part:

The protocol applies to competitions in alpine disciplines, which take place under the auspices of the SZS alpine skiing industry. It contains recommendations for the planning and implementation of the training process and sports competitions, which are carried out by the Ski Association of Slovenia - alpine skiing industry.

The protocol regulates the behavior of competitors on the track, at the start and finish area.

The purpose of the protocol is to prevent the transmission and spread of SARS-CoV2 virus, by providing conditions to reduce the possibility of infection among competitors, coaches and attendants.

This protocol does not regulate the organization of the arrival of competitors to the ski resort and departure home. The mentioned logistics are regulated by an individual club / association. Representatives of different clubs should avoid socializing on the scene before the start of the activity. The time of emergency group meetings must be limited, taking into account the instructions / recommendations of the NIJZ.

Only healthy athletes, coaches, support staff and other participants should participate in trainings and competitions.

In order to prevent the spread of SARS-CoV-2, it is particularly important that training / competitions are not attended to if:

- have symptoms / signs of SARS-CoV-2 infection: fever, cough, headache, malaise, sore throat, cold, shortness of breath, diarrhea;
- they were quarantined;
- they were ordered to isolate due to the SARS-CoV-2 positive test, for the duration of the isolation.

All participants of the event (athletes, coaches, officials, volunteers...) need the PCT condition (HAG 48h)

In case of detection of any of the signs of acute respiratory or gastrointestinal infection (eg runny nose, sneezing, coughing, sore throat, fever and diarrhea ...), the participant must immediately isolate himself and follow the protocol prescribed by the NIJZ.

Use of lifts:

Competitors use lifts in accordance with hygiene recommendations to prevent the transmission and spread of SARS-CoV2 virus provided by the ski resort operator, other tracks in accordance with the ski resort operator's instructions. When entering the cable cars, they use protection of the nose and mouth.

At competitions, the organizer does not provide refreshments, or food service. Competitors use catering services on the ski slope, which are provided by the catering industry, taking into account the hygiene recommendations of the NIJZ for the implementation of tourism and catering activities to prevent the spread of COVID-19 infection.

Instructions to organizers and performers:

Holders of sports competition activities (organizers) must keep a list of all people present (competitors, coaches, companions, other persons). The list should contain the following information:

- 1. name and surname of the participants,**
- 2. contact telephone number,**
- 3. place of the competition** (place, street and house number and information on whether it is an enclosed or open space),
- 4. time of collection** (date and time of start and end of competitions)

Holders of sports competition activities must comply with the regulations on personal data protection when collecting and storing personal data of participants.

Draw:

The draw is carried out in rooms that allow maintaining an appropriate distance of at least 1.5 m to 2 m between individuals. Indoors, it is mandatory for users to use the protection of the nose and mouth. Hand sanitizer must be provided at the entrance / exit to the room. The area where the draw is held must be regularly ventilated, in accordance with the recommendations of the NIJZ. **If the organizer is unable to provide these conditions, the draw will be made online. Acceptance of bibs separately by teams in the finish area on the day of the competition.**

Competition area:

- Race track and auxiliary spaces.
- Starting area.
- Finish area.

Limited by one track entrance and one or more separate exits. Only competitors, authorized coaches, judges, match workers, rescuers and technical support staff are allowed access. No access to other people (the event is not public!).

Random observers are outside the area covered by this protocol.

Starting space protocol:

Everyone in the start area must wear a mask.

Competitors can only remove it after entering the starting house.

Only one companion is allowed for each competitor.

Provide an exit route to the attendant who does not cross the route of the competitors waiting to start.

To avoid crowds, consider the interval between starts of competitors.

Starting area:

- The organizer provides a suitably large starting space and fences it.
- Competitors and their coaches are allowed to enter the starting area. At the entrance it is necessary to provide a personal distance of 2m.
- Competitors should keep the prescribed minimum distances during the warm-up and avoid sharing equipment or accessories.
- The competitor prepares for the start in the "box" and waits for the organizer to call him (3 numbers before the start).

- The organizers should be as physically distant from the athletes as possible during the match and must maintain the minimum prescribed distance in accordance with the NIJZ recommendations.
- Competitors and coaches wear a mask in the starting area.
- **Competitors take it off just before the start.**

Course inspection:

- Clubs enter the route with a one-minute delay.
- The order of entry to the course is predetermined and is the same for both runs. Admission to the course is coordinated by the organizer of the competition.
- During the inspection, the teams maintain a distance of at least 2m from each other.
- Competitors and coaches **wear a mask** during inspection.

Finish area:

- There is no delay in the target area (there is no scoreboard with the results, these are published online. The scoreboard is used only to announce disqualifications).
- After arriving at the finish line, the competitors leave the finish area immediately by following the direction of movement (direction board).
- There are no spectators, food, drink or other activities in the target area that would cause a gathering.

Price giving ceremony:

The announcements are in such a way that the competitors themselves take over the awards, medals and step on the marked places for the award, which are at a suitable distance.
